

Medica Commercial Preventive Drug List

(1/1/2024)

Certain health plans provide a specific benefit for preventive outpatient drugs that are considered maintenance drugs used to treat common disease states. Plan terms vary and members should consult their benefit plan documents to determine whether they have coverage for preventive maintenance drugs and, if so, with lower or no member cost sharing. Some strengths or dosage forms, noted with an *, may not be included in the Preventive Drug List, regardless of their appearance in this document. Certain products or categories may not be covered or may be subject to utilization management edits such as step therapy, prior authorization or quantity limits. Please check with your plan provider should you have any questions about coverage. If your benefit includes mail order, please note that some drugs and supplies may not be available through this service.
