ACCOUNTABLE CARE ORGANIZATION PLAN DETAILS

Elevate by MedicaSM

About Elevate by Medica

Medica has partnered with Nebraska Health Network and Bryan Health to create an innovative network focused on a unique level of quality care and patient satisfaction. This collaborative network includes more than 20 hospitals and over 3,600 primary and specialty care providers in east Nebraska, and effective Jan. 1, 2025, southwest Iowa.

What is an Accountable Care Organization?

An Accountable Care Organization (ACO) is a network or team of providers (such as clinics, hospitals, doctors, and specialists) – that partner with Medica to make health care more efficient and improve the member experience.

ACOs advantages

Cost savings – Save up to 20% on care compared to an open access network (also known as a national network)

Custom care – Personalized care with a focus on keeping members healthy and happy

Consumer experience – 97% of members renew into an ACO product* because they like the coordinated, and less complicated care experience

*Results based on 2024 enrollment

ACO members also experience less emergency room visits, fewer hospital readmissions, and greater use of affordable drug options.

The Elevate by Medica experience

Our goal is simple: To deliver the highest level of quality care, improve and strengthen the patient experience, and to make health care more affordable.

Direct access to specialists

See any provider in the Elevate with Medica ACO network – without a referral.

One phone number

A single phone number making it easy for members to ask about benefits, billing, care, coverage, and to make appointments with an Elevate by Medica provider.

Nurse care line

Call trusted advisors and nurses 24/7 for health answers – at no extra cost.

Online care options

Connect with providers online for: medication refills, virtual care appointments, and urgent care visits.

Online portal

Schedule appointments, view medical records, pay bills and more – online, anytime.

Urgent care

Convenient urgent care locations available for minor injuries and illnesses. No appointment needed.

Travel Program Network

Members can use this network when traveling outside of Nebraska and western Iowa. If members have children attending college outside of this area, they can use the network, too. Emergency care services for students seeking care outside the ACO service area but within Medica's service area are covered at the in-network benefit level. For other health care services, they'll need to access care from an Elevate by Medica network provider for in-network benefits to apply.
